Art Unit: 1648

This Notice of Allowability is in response to the amendment filed 10/07/05. Claims 1-12 are pending and allowable.

Applicant's comments concerning the Supplemental Information Disclosure Statement are noted but are not persuasive. Applicant makes reference to *Bristol-Myers Squibb Co. v. Rhone-Poulenc Rorer, Inc.*, to argue that "a reasonable examiner" should consider the references provided by Applicant. However, this "reasonable examiner" standard is in the context of 37 CFR 1.56 which requires that information submitted to the Office be material to examination of the pending, examined claims and not merely cumulative to information that is in the record or being made of record. The Office has previously determined that very few of the many references submitted IDS previously were material and that the original submission was not in compliance with 37 CFR 1.56 and 1.98. Applicant has not provided any new arguments or evidence that indicates that this position is in error.

Applicant's arguments have been persuasive and thus, the rejection of claims 1-3 under 35 U.S.C. 112, first paragraph, is withdrawn.

Art Unit: 1648

Applicant's amendment obviates the rejection of claims 1-12 under 35 U.S.C. § 102(b) as being anticipated by Borgford (WO 97/41233).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
